An In-Depth Examination of the Startup Visa Service

Your Journey Starts Here: Pre-LOS Services

Before you can move, you need a solid plan.
We help you build it.

This is where your startup takes shape, and
where we help you prove it's worth backing.
From refining your idea to getting
incubator-ready, we make sure your business
stands out from day one.

01

Idea Validation & Market Entry

You've got a vision. We help make it real, and make sure it fits what Canadian incubators want to see

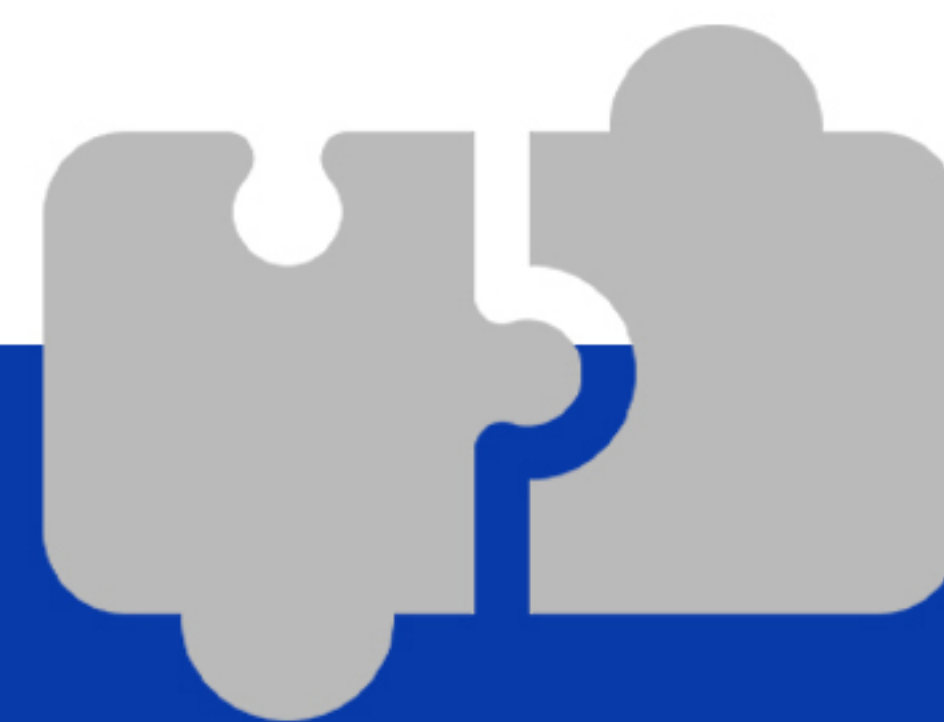

03

Pitch Deck That Hits

Forget generic slides. We help you build a pitch deck that's tight, clear, and tells your story like a pro

02

Smart Incubator Matching

We don't just throw you into a program. We connect you with the right one, based on your industry, goals, and growth plan

04

Interview Prep & Mentor Intro

When it's time to present, you'll be ready. We coach you through the incubator interview and help you get started with your mentor once you're in

**You've got your Letter of Support, congratulation
But this is just the beginning**

Post-LOS Services

Now the Real Work Begins

Now it's time to launch your business, build your product, and prove you belong in Canada's startup ecosystem. We stay hands-on through the entire process, making sure you're not just checking boxes, you're building something that lasts.

01

Business Development

Strategy, structure, execution.

We help you sharpen your business model, plan for growth, and build something scalable. Whether you're going lean or going big, we make sure you're aligned with the Canadian market—and ready for real traction.

We help with:

- Business model updates
- Growth strategy
- Market research & positioning
- Go-to-market plans
- Milestones & scaling roadmaps

02

Product Development

Your idea needs to work in the real world. We guide you through the entire build process, from prototype to product launch, focused on quality, usability, and fit for the market.

We support:

- MVP and prototype planning
- Customer feedback loops
- Go-to-market readiness
- Iteration strategies
- Tech coordination and launch

03

Report Writing

IRCC and your incubator expect updates. We help you deliver clean, professional, and compliant reports that actually reflect the progress you're making.

We handle:

- IRCC-compliant progress reports
- Executive summaries
- Data gathering & formatting

04

Digital Marketing & Branding

A strong brand builds trust. We help you look sharp online, tell your story with clarity, and reach the right audience—whether you're talking to investors, users, or partners.

We deliver:

- Brand strategy & visuals
- Website & content setup
- Social media launch
- Video & pitch content

05

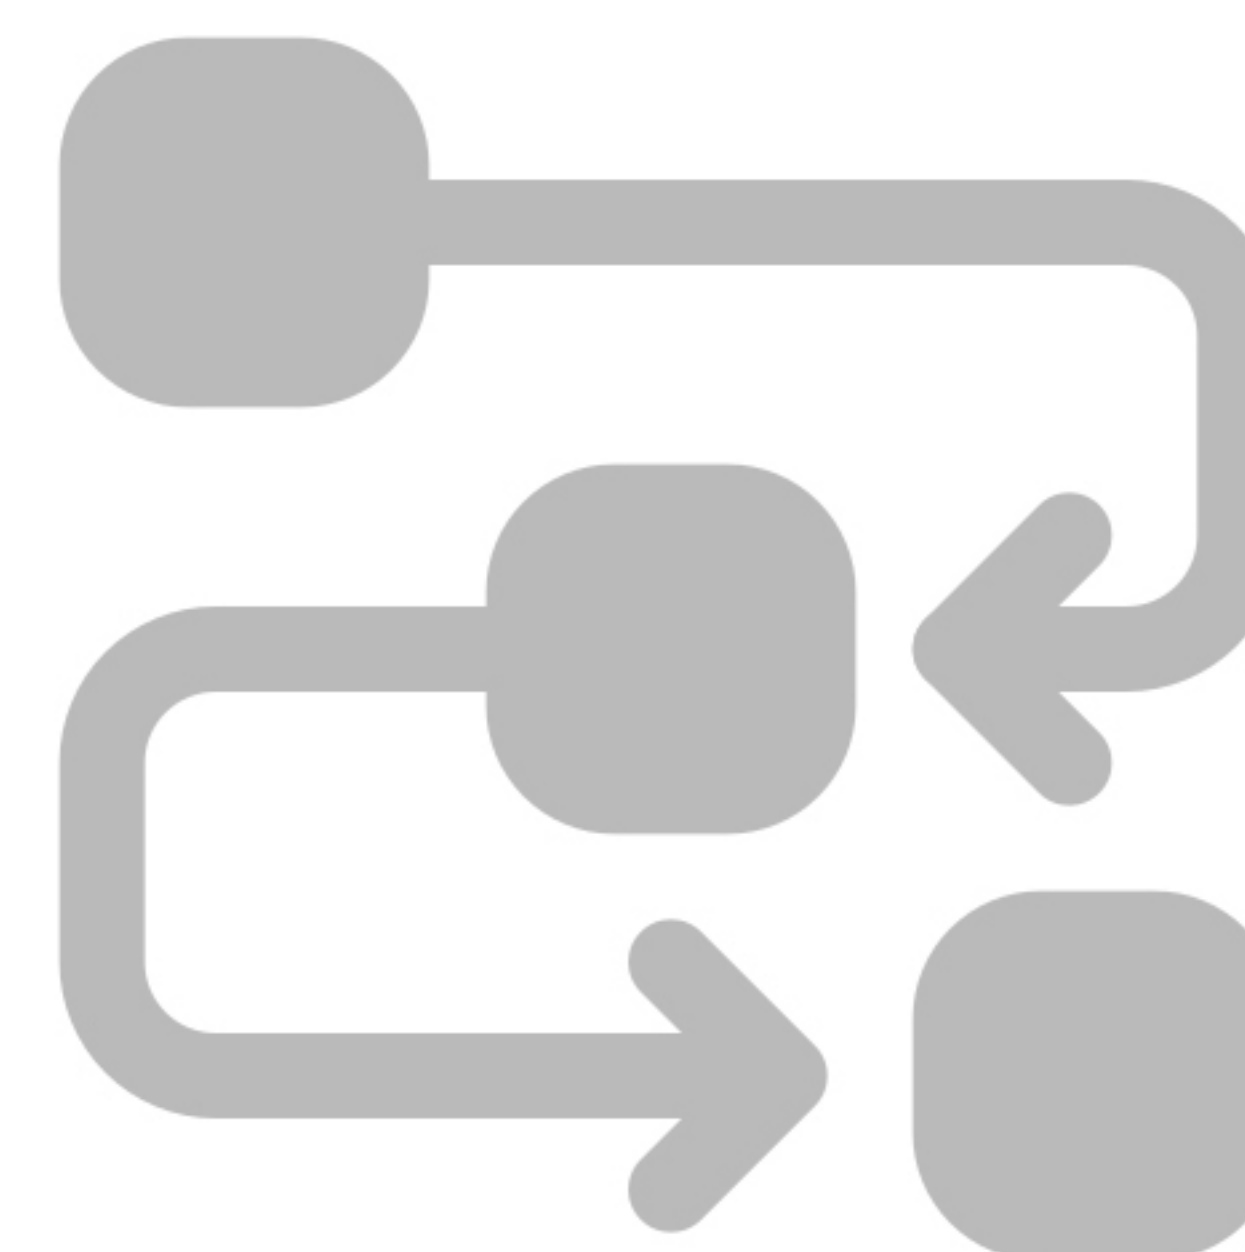

Customized Business Plan

Clear. Focused. Fundable.

This isn't a template, it's your roadmap. We build business plans that speak directly to incubators, immigration officers, and investors.

What's included:

- Defined goals, market, and audience
- Financial projections
- Revenue models
- Risk analysis & strategy

06

Immigration Support & Legal Assistance

We make sure nothing slips through the cracks. From incorporation to permanent residency, we cover all the fine print, so you can focus on growth, not red tape.

We cover:

- PR application support
- Business registration
- Legal compliance & documentation
- Licensing, tax, permits
- Coordination with legal partners
